Tags: [lowridercnc](#) [v1engineering](#) [jackpot](#)

Good box for the Jackpot3, fits the LowRider 4 CNC, and others. Easily organize your wires while the built-in cooling system keeps convection pulling the heat out. Hot climates should use an optional fan (typically wired into the board power so it is always on).

Uses 6 M3x10mm screws. Optional fans use extra screws, the 5015 show uses 2 M3x20mm.
